[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indcipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

They were neighbors to the said William Knight's father and well know that the enlistment and services of the said William Knight. And at a Court held for the same County of Spotsylvania the 5th day of October 1818 William Knight residing in Spotsylvania County Virginia a soldier of the revolutionary [war] aged fifty-eight years being first duly sworn states that in the year 1776 he enlisted as a private soldier under Captain John Brock and was marched soon after to the North as far as West Point, his first enlistment was for three years. About the end of the war he escaped in a vessel which landed him at New London where he found the war ended and peace proclaimed. He never got a discharge from his officers owing to the circumstances above stated he served from the time of his first enlistment his capture at Charleston more than four years.
